

# Golf Tournament Cancellation

Golf Tournament Cancellation from BEST Hole in One protects against adverse weather conditions that result in a tournament being cancelled or postponed and causing loss of income and/or extra expenses.

## Coverage Summary

**Limit:** A sum insured of up to \$25,000 per insured event qualifies for insurance (higher limits can be obtained).

**Policy Period:** Date(s), start time, sum insured, and event location must be reported at least seven (7) days prior to the insured event day in order to qualify.

**Hours Occurring:** Twelve (12) hours prior to the scheduled start of the insured event.

**Description of Peril:** Adverse weather causing cancellation of the insured event as deemed necessary by a club official.

## How do I show proof of a valid claim?

If, on the insured date(s) during the insured hours, adverse weather occurs resulting in the cancellation of the insured event as deemed necessary by a club official, the policy pays the full sum insured regardless of the loss amount.

**How much does it cost?** As an example, if you wish to insure \$10,000, the cost would be \$700.00.
